

Daystate Regal PCP Air rifle, Daystate Regal PCP Air rifle in .22 (5.5mm) in a beautiful Turkish walnut stock by Minelli. Made in England. The latest succession to the Huntsman's famous lineage, the Regal combines all the elements of a classic, English sporting air rifle. The beautifully-shaped walnut woodwork cradles a solidly-engineered – though remarkably lightweight mechanical powerplant, providing a unique marriage of wood and metal courtesy of an action that sits lower in the stock to perfectly mimic the feel and also handling of a traditional hunting rifle. Courtesy of its Harper patent Slingshot hammer and valve system and Huma regulator, the Huntsman regal is capable of performance levels hitherto unachievable in a mechanically-driven PCP. 30ft/lbs power. It features an adjustable trigger and match grade Lothar Walther shrouded barrel. Huma regulated. Includes magazine, original box and manual. Excellent condition. R18000.
