Additional Information:	The Rangemaster CRF 1000-R 8x24 Laser Rangefinder from Leica is a handheld distance measurement tool useful for archers and rifle shooters. Leica outfitted this Rangemaster series rangefinder with a user-friendly single-button interface and phase-corrected prisms. This combination of features equips the 1000-R to deliver the optical performance and functionality needed to quickly range your target and help place your arrow or bullet on the bulls eye.
