

FX CROWN silencer., Custom made silencer fiiting directly on shroud of FX Cown. These are one of a kind,selling so cheap because they are demo models, therefore not powder coated or anidised.I made one for my Crown in .25 ,reg pressure at 140 bar, shooting JSB King Heavies at 900ft/sec.The noise level is lowered by +- 7 dec. Accuracy not affected.

Email: yummiestutoring@gmail.com

Address: 34 Penchartz road

Country: South Africa

State/Region/Province: Gauteng

City: Honeydew

Additional Information: I make these silencers at home and test them on my Crown. They do not need adaptors like the imported models costing anything from 4K upwards , if you can find an importer. You have to customise them yourself , unless you would like me to spray and sand -texture them like the one sample pic shows.
