Additional
Information:

The latest addition to the Midas TAC family, the Midas TAC 5-25x56 has a 34mm Aircraft grade aluminum tube with 110 MOA or 32 MILS of elevation travel, as well as: HD Glass, FFP, Advanced Fully Multicoated, True Zero Stop, Capped Windage Turret, 10MIL/25MOA Travel-Per-Rotation Turrets.

The big brother in the Midas TAC family, this 5-25x56 first focal plane scope gives you even more versatility. A minimum parallax of 25 yards and 32 Mils of elevation travel makes this scope perfect for close range rimfire or long range engagement with standard and magnum calibers. HD glass and advanced Fully Multi-Coated lenses enhance target appearance at all distances. A true precision Zero Stop for a repeatable return to zero and a capped windage turret give confidence you'll be able to make the shot.
