

Nikon Prostaff 7s Binoculars 8x30, crystal clear., Nikon PROSTAFF 7S 8X30 Binocular combines optical performance with rugged construction details to create a versatile binocular that can be used at the stadium, in the woods, or on the boat. The Prostaff's environmentally friendly lead and arsenic-free Eco-glass is fully multicoated to maximize light transmission and reduce light loss. Complementing the lenses are phase-corrected and dielectric-coated roof prisms. The combination of glass and optical coatings produces high contrast views that are bright and clear with true color fidelity across the entire field of view.
