

Leica AMPLUS 6 2.5-15x50I 4A RIFLESCOPE, New for 2020, Leica Amplus 6 Riflescopes combine high quality optics with robust design to provide shooters with a riflescope they can always depend on. All Leica Amplus 6 riflescopes utilize a versatile 6x zoom ratio making them perfect for most close to long range shooting applications. Riflescopes in the Amplus 6 series all feature wide fields of view, generous eye relief, and large exit pupil diameters for fast and intuitive shots when fractions of a second could mean the difference between a full or empty freezer. Leica Amplus 6 scopes feature 2nd focal plane reticles and a sharp center dot for lowlight shooting allowing you to stay in the field longer. Features of Leica Amplus 6 Riflescopes 6x Zoom for all Essential Hunting Situations Wide Field of View >90% Transmission 10 Levels of Illumination Generous Eye Relief Large Exit Pupil Diameter
