Additional Information: Glock 34 MOS model Gen5 9mm para polymer framed pistol. The pistol has a set of Meprolight Self Illuminating Night Sights as standard sights.

Included in this package is possibly the finest pistol-to-carbine conversion, the ultra compact B & T. There is a Trijicon RMR RM06 sight on the frame as well as a tactical folding fore-grip and a single-point tactical sling.

As well as the standard spare magazine there are two additional magazines; 1 x 17-round as well as 1 x 32-round one.

The firearm and accessories are all in very good condition.
