

1301 Competition with factory Baretta ext tube, The Beretta 1301 Comp semiauto shotgun is designed to win tactical competitions right out of the box. Combining the technology of Beretta's best sporting shotguns with the requirements of the most demanding tactical shooters, it cycles faster than the competition, handles like a dream and has oversized controls for super-easy operation. It is available in two barrel lengths (21" and 24") and its receiver is drilled and tapped for rail mounts, so that it can be equipped with optics or tactical aiming devices without any gunsmithing. And thanks to its Optimabore HP interchangeable choke system, it can also be adapted for other uses and will always perform like a Beretta.
