Additional Information: The gold-plated [AK-47/AKM](#) derivative carried by André Baptiste Jr. ([Sammi Rotibi](#)) is not, as has been written previously, an [AKS-74U](#) or [AKMSU](#) or any such factory-manufactured weapon. It is a custom-made Kalashnikov that was built specially for the film, using a variety of parts taken from real AK-pattern weapons. Martin Edge, an armorer at [Hire Arms](#), which supplied the guns for all scenes filmed in South Africa, has sent IMFDB an email with the following details:
